Case # 98FO9... - 7AOL1447

FILED

I need to know if I still have a right to a federal trial, due to my appeal notice being 2 days late from a late issue of Notice of appeal forms at New Folsome Prison where I was after my trial in superior court where I took the fifth - amendment since I wasn't granted a change of venue due to 2 midnight cell raids while going to court from Sacramento county jail, the first cell raid they fractured my left elbow & the second they held me to bend back my right elbow to another fracture to have both casts on while at court

Another difficulty is my 3 boxes of 800° legal work is being withheld at New Folsome for the 10 months I've been here from a surprise transfer.

I sent 3 602 forms there since the 2 here were denied
P.S. Please give some basic advice or even a potential legal address I can get a reply from at least for legal forms

"All of the above I state true under penalty of perjury"

Also need addresses where to send for transcripts?

Staff has been refusing 602 Olsen reviews!

Also have been deprived of photo copies.
